DESIGNING WITH THE TOP TRAY

SLIDING CONFIGURATION

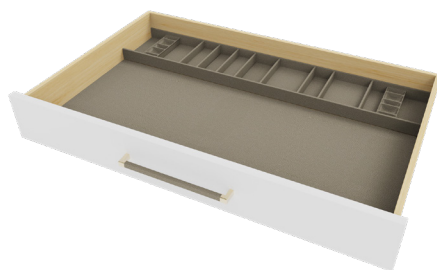

Increase storage by adding a Top Tray above the Jewelry, Tie & Belt, or Sunglasses Insert.

Drawer box height must be 4" tall minimum to accommodate the Top Tray.

STATIONARY CONFIGURATION

The Top Tray can be placed perpendicular to the organizers for deeper drawers.

STAND-ALONE CONFIGURATION

Add the Top Tray on its own to a drawer with a Contour Drawer Liner

DRAWER KIT

The Drawer Kit is composed of organizers [A,B,C] and a liner [D].

The organizers have different configurations based on drawer widths (see page 19).

TOP TRAY

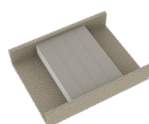

Use the Top Tray [E] for additional storage.

When using the Top Tray as a sliding component on top of organizers, move the Ring Holder to the Top Tray.

CONTOUR ADD-ONS

Organizer Drawers have different configurations of holders based on drawer widths and depths (see page 5).

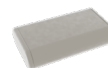

These holders are also sold separately to allow further customization and personalization of design (see page 15-16).

DIVIDERS

The design of the Clothing Dividers provides fully customizable and adaptable drawer organization that is easy to install and to adjust. From socks and lingerie to pants and sweaters, these drawer inserts keep clothing tidy and sorted. The leather wrapped Clothing Dividers stay lint free and are gentle on clothing.

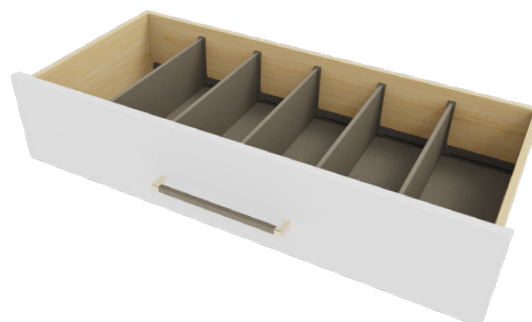

When the drawer use changes, the dividers are easily repositioned, added, or removed to accommodate new clothing items.

3" CLOTHING DIVIDERS

Add 3" dividers to a drawer to organize socks, scarves, lingerie, t-shirts and more. Keep smaller items together and everything easily accessible.

(Internal drawer height needs to be a minimum of 3 inches)

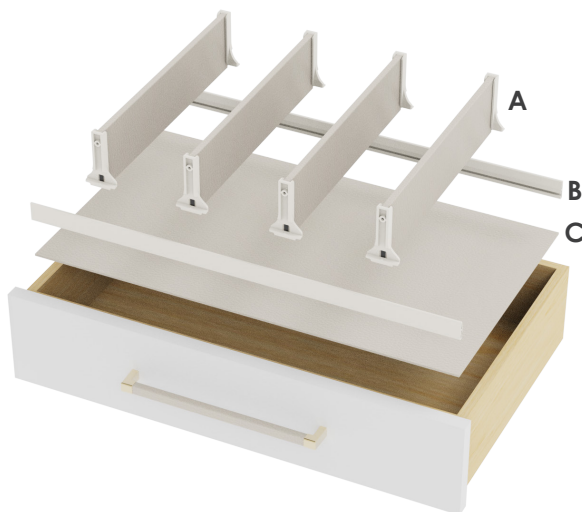

5" CLOTHING DIVIDERS

Designed for sweaters, linens, pants and other larger, folded clothing or personal items.

(Internal drawer height needs to be a minimum of 5 inches)

CLOTHING AND LARGE ITEM DRAWER

Drawers for clothes and large personal items can be effortlessly designed using:

- A - Drawer Dividers with Clips
- B - Pair of Drawer Rails
- C - Liners

A,B, and C are sold separately.

DESIGNING WITH CONTOUR

Contour was designed to provide edge-to-edge functionality in any drawer and in any size. Contour's unique Trim-to-Fit installation ensures the whole drawer is utilized – both functionally and aesthetically.

When planning to use Contour in your closet designs, it is good to understand how it is installed and the sizing requirements from component to component.

DRAWER LINERS

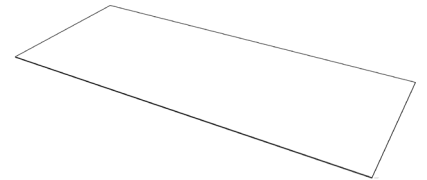

Drawer liners are constructed of soft, strong faux leather and can be trimmed with a utility knife.

KIT PROGRAM

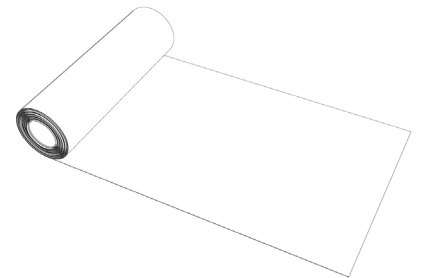

TAG recommends implementing the **Kit Program** for more common drawer sizes, with **16" or 20" depths**.

Use 24" width kits for 18" and 24" wide drawers, and 36" width kits for 30" and 36" wide drawers. Trim components as needed.

BULK PROGRAM

For more unique sized drawers, we recommend the **Bulk Program**. This option allows you to create configurations for almost **any size of drawer**. The Bulk Program also provides you the option to create your own unique drawer layouts.

INSTALLATION VIDEOS

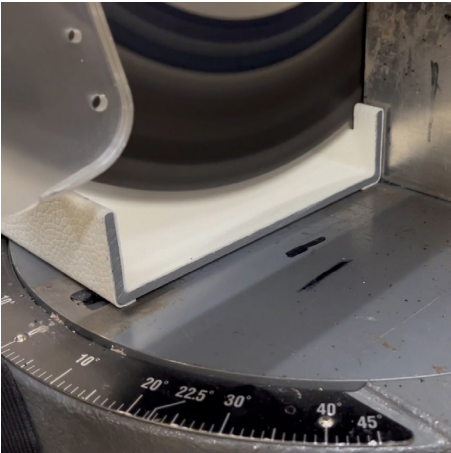

The installation process for the Kit Program and Bulk Program varies depending on the internal depths of each drawer.

DRAWER INSERTS

Trim Contour U trays, with a 12" circular saw blade with 80 teeth for aluminum or wood. Check and ensure there are no damaged or missing teeth, as that could cause rough cuts.

DRAWER DIVIDERS

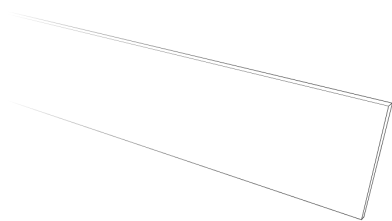

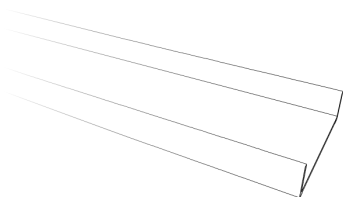

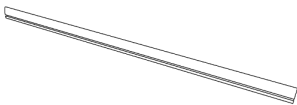

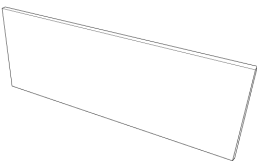

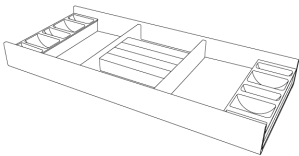

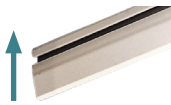

Drawer dividers are wood material wrapped in faux leather. These can be trimmed with a fine tooth saw to fit any drawer depth.

DIVIDER RAILS

A saw blade will easily trim the divider rails.

Cut with rail channel facing upwards

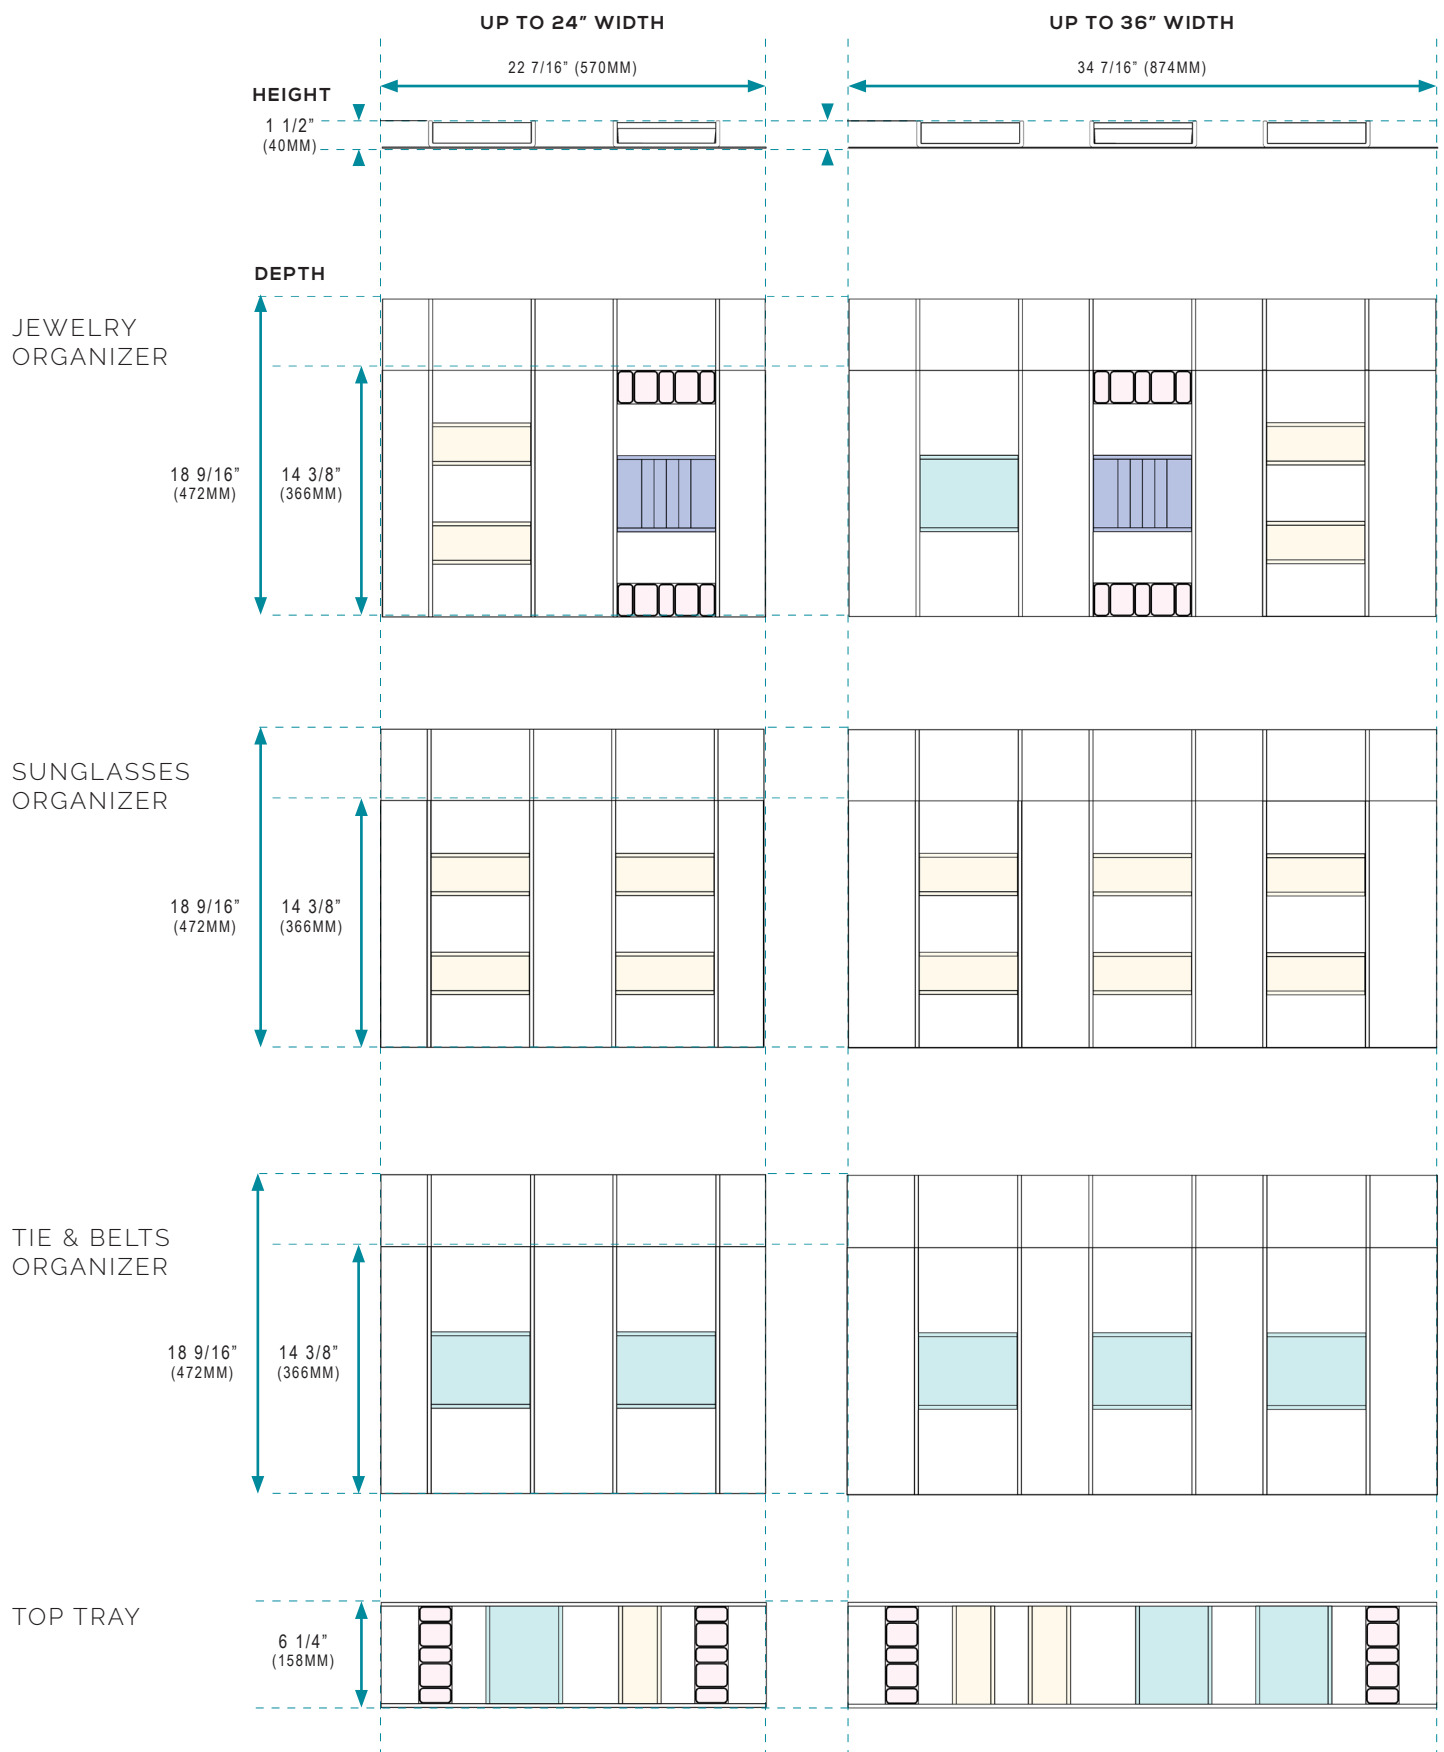

CARE INSTRUCTIONS

Easy to clean and maintain: Another advantage of faux leather is that it is very easy to clean and maintain. You can simply wipe it down with a damp cloth if it gets dirty.
